

# New Products for 2006

## **NEW** Adjustable Radar Adapter **SM-AD-FB**

Our new Adjustable Radar Adapter allows your radar to be attached to a non vertical surface. Designed to be mounted on the front face of a flybridge or a raked mast this platform will adjust to slopes up to 45 degrees in both directions. Machined from high quality marine grade aluminum and powder coated bright white, all attaching fasteners are high grade stainless steel. This will work with all our new 2006 mast platform models. Please specify which radar you have.
